

GRAFTON PUBLIC LIBRARY FACILITIES USE POLICY

Policy

The public areas of the Grafton Public Library are open to all residents of the Commonwealth of Massachusetts for using the resources of the library. Uses in contradiction of the Library's mission are not permitted.

The Grafton Public Library does not have a meeting room available to the public. The main reading area may be used as a meeting room at the discretion of the director, for Library-related activities, including the Friends of the Grafton Public Library.

All meetings in the main reading room must be approved in advance and posted to the Library calendar of events.

Meetings should not disrupt the either normal use of the library by patrons or the work of staff during library hours.

The parking lot is reserved for library use during hours of operation. No overnight parking is permitted. Violators may be towed at the owner's expense.
